

TEXAS CATTLE.

Overstocked Ranges Likely to Depress the Price of Beef—The Cattlemen Hopeful of Better Times.

Associated Press Dispatches to The Times.

ST. LOUIS, March 18.—Amos T. Atwater, Secretary of the National Cattle and Horse Growers' Association, who has been making a tour of Texas in the interests of

reports a great diversity of opinion regarding the losses sustained by the cattle men in Texas during the past winter, they being variously placed at from 1 to 10 per cent. His own estimate is from 3 to 5 per cent. The past winter has been the most severe ever known in Texas and the drifting of cattle has been very great.

It is estimated that fully 150,000 cattle have drifted southward and are now in the vicinity of Devil's run, in the Pecos river country. Round-up parties have already been started for that vicinity, but owing to poor condition the cattle require much time and careful driving to bring them back. The closing of the old

trial to the North will compel the owners to throw much of their surplus stock on the market this season, which will no doubt depress the price of beef. There is no question that Texan ranges are overstocked, and that the ranchmen will be obliged to get rid of large numbers of cows, two-year-olds and even yearlings to relieve the burden, and these will have to mainly go on the market. Wyoming and the Northwest will receive the cattle which come there by the trail, but notwithstanding the fact that the country is otherwise, and the closing of the trail

will close this outlet for Texas cattle. Last year at this time over a million dollars' worth of contracts were held by Texas ranchmen, but this year there is not a dollar.

Mr. Atwater thinks the day of free grazing in Texas is about over. In the near future the stock raisers will have to pasture their herds on their own lands, and cultivate ground enough for fodder to

Mr. Atwater attended all the meetings of the Cattle Associations held while he was in that State, and was assured, the next National Convention will be very largely attended. One good result already noticed as growing out of the convention last year is that the Chief of the Bureau of Statistics is gathering statistics in regard to cattle and ranges. The cattlemen

generally seemed to be hopeful or better times and were on the *qui vive* for everything new in connection with their industry.

LABOR TROUBLES.

The Railroad Company Accedes to the Freight Handlers' Demands.

DALLAS, Texas, March 18.—On the ter-

ination of the strike here the warehouse employees, who were suspended when the freight trains stopped, refused to return to work unless the rate of \$1.50 per day, reduced to \$1 per day last September, was restored. The company to day succumbed to the demand and the men resumed work.

John Schonbach, the two railroad strikers arrested at Hannibal, Mo., a few days ago by United States Marshal Cousins for interference with the operation of the Babash Railway, had a hearing to-day before Judge Brewer in the United States Circuit Court, and were each sentenced to sixty days in jail.

COLUMBUS, O., March 18.—The convention of striking miners at Straitsville, with delegates from the Hocking valley mines, decided to-day to accept fifty cents per ton. This ends the strike begun last April.

Attack on White Men.
PORTLAND, Ogn., March 18.—At Waitsburg, W. T., yesterday afternoon two Indians in an intoxicated condition came to John Rolfe's, on the Hungatee ranch, six miles southwest of Waitsburg. At about 4 p. m. Mr. Rolfe's hired man was at work plowing in the field, where the In-

ans went, and knocking the man down, took him and drew a knife. One of them was in the act of stabbing him when Mr. Rolfe came up and interfered. Upon this both Indians made for them with drawn knives. Rolfe and his man ran to the house. Their assailants started presently. The white men and a throng of neighbors accompanying them moved in pursuit, intending to take

d bring the Siwashes to Waitsburg. When overtaken the Indians showed fight. One struck at Rolfe with a knife, whereupon Rolfe shot him through the neck, killing him instantly. Rolfe surrendered himself, had a preliminary examination, and was bound over in \$500.

The Polish element in the galleries raised a tumult of applause, the deputies at the same time angrily shouting and shaking their fists. Finally the original disputants were separated by friends and the session hastily adjourned.
